

Pulp, Paper and Forest Industries Committee James A. Rooks Memorial Student Intern Program

March 6, 2020

One of the challenges the Pulp, Paper, and Forest Industry faces going forward is attracting and retaining new, young electrical engineering professionals to the industry. Recognizing this need, the IEEE Pulp and Paper Industry Committee (PPIC) has arranged with the IEEE Industrial Applications Society (IAS) to sponsor up to four Co-op/Intern Students to their upcoming 64th Annual Conference in Appleton, Wisconsin. The reason is simple – the more they can learn about the industry and what it has to offer, the more likely they will be to consider joining the Industry after graduation. This is also a great way to meet other industry engineers, learn solutions to real mill needs and network with senior professionals from the industry.

What is included?

- | | |
|---------------------------|---------------------------|
| ✓ Airfare/Mileage | ✓ Conference Reception |
| ✓ Hotel | ✓ Vendor Exhibition |
| ✓ Conference Registration | ✓ Conference Social Event |
| ✓ One Tutorial | ✓ Meals (if needed) |

What are the requirements?

- The student must be a member (or willing to join) of IEEE and IAS. (IAS registration will happen at the Conference)
- The student's mentor from the Mill (or another co-worker) must attend with them.
- IEEE/IAS will reimburse either the student or company for the documented costs of airfare, hotel, conference, and meals up to a maximum of \$2000 per student.
- Reimbursement will take place after the completion of the conference
- The student must attend one sub-committee meeting and the general committee meeting on Tuesday
- Preference will be given to students working for a Mill
- The student's employer must be willing to pay them their normal salary while they are at the Conference (we don't want them to have to take time off to attend)
- Only 1 student per Mill site.
- Students may have to share a room at the Conference.

A few highlights from the Conference:

The Conference begins with the Welcome Reception on Sunday Night, June 21, 2020. A selection of great papers and some very interesting tutorials to be presented during the Conference.

The PPFIC Subcommittee meetings are on Tuesday, June 23rd from 12:00pm until 5pm. The subcommittees are where the papers, tutorials, and other topics are generated for upcoming conferences.

We have four subcommittees consisting of:

- DCS – Drives and Control Systems
- PCEMC – Process Control, Engineering, Maintenance and Construction
- PDS – Power Distribution Systems
- TSSC – Training, Safety, Standards and Codes

Visit www.pulppaper.org for more information.

Yes, I am interested!

Name [Click or tap here to enter text.](#)

IEEE Member number, if currently a member [Click or tap here to enter text.](#)

E-mail Address and phone number [Click or tap here to enter text.](#)

Subcommittee you would like to attend [Click or tap here to enter text.](#)

Company and location [Click or tap here to enter text.](#)

Address [Click or tap here to enter text.](#)

College and location [Click or tap here to enter text.](#)

Degree and graduation date [Click or tap here to enter text.](#)

College level complete as of June 2018 (freshman, sophomore, etc) [Click or tap here to enter text.](#)

Name of mentor attending the conference, if applicable [Click or tap here to enter text.](#)

Mentor's title [Click or tap here to enter text.](#)

If you are not currently a member of IEEE and the IAS, you will be required to sign up before attending the conference. The fee for your first year of membership will be reimbursed after selection and attendance to the conference.
